Confederation Fees

Delegates £450
Delegates booking before 1 February 2007 £400
Authors, Committee members, students, retired persons £350

Fee includes the following for one delegate:
- Teas, Coffees, Lunches and Receptions
- Conference proceedings
- Conference dinner

Committee Members

Organising Committee
Peter Claisse, Coventry University
Tarun R. Naik, UWM Center for By-Products Utilization
Eshmaiel Ganjian, Coventry University
Rudolph N. Kraus, UWM Center for By-Products Utilization
Chris March, Coventry University
Mark Tyrer, Imperial College London

Technical Committee
Peter Claisse, Coventry University
Tarun R. Naik, UWM Center for By-Products Utilization
Eshmaiel Ganjian, Coventry University
Rudolph N. Kraus, UWM Center for By-Products Utilization
Chris March, Coventry University
Bruce W. Ramme, We Energies, Milwaukee, Wisconsin
Mark Tyrer, Imperial College London
Julia Stegmann, University College London
Nizar Ghazireh, Tarmac
Steve Goodhew, Plymouth University
Mohammed Basheer, Queens University Belfast
Rita Singh, Construction Products Association

The construction materials industry is a major user of the world’s resources. While enormous progress has been made towards sustainability, the scope and opportunities for further improvements are significant. This conference is intended to highlight case studies and research that show new and innovative ways of achieving sustainability of construction materials and technologies.

Call for Papers
Papers are invited on all the different materials that are used in construction including cement, aggregates, concrete, timber, masonry, metals, plastics, glass, bitumen, lime and gypsum. Papers on paints, adhesives, preservatives, and preservation processes are also welcome.

Themes
Use of recyclable by-products in construction materials.
Innovative and non-traditional materials.
Embodied energy from production.
Energy requirements for transport and use.
Energy management during construction.
Energy management during use of the buildings and infrastructures.
Mass balance – sources and final destinations of materials.
Sustainability, quality, and public perception.
Maintaining quality and durability while achieving sustainability.

Making construction materials durable.
Life cycle analysis.
Designing structures with sustainable materials.
End of life – materials that can be demounted/deconstructed and reused or recycled.
New materials production and construction technologies using innovative materials.
Maintenance and repair technologies for sustainability of buildings and infrastructures.

Author Instructions
Abstracts should be 200 – 300 words and may be submitted by post but preferably by email as word or pdf files.
Email to: p.claisse@coventry.ac.uk
The conference language will be English.
All abstracts must include:
Name and affiliation of all authors.
Full postal address, email address and telephone number of all authors.

Deadlines
Submission of abstracts: 1 March 2006
Notification of acceptance of abstracts: 1 July 2006
Submission of papers: 1 December 2006
Conference: 11-13 June 2007

Sponsors and Exhibitors
We offer the following benefits to Sponsors and Exhibitors:
Exhibition stand in the area where we will serve tea and coffee.
2 delegate places
Promotion in our mailings, website etc.
The exhibitor fee will be £1200 + vat.

Venue
The conference will be held at Coventry University. The campus is in the city centre within easy walking distance of a wide range of shops and other facilities. The City of Coventry is in the centre of England and is just 15 minutes from Birmingham airport and 90 minutes from London Heathrow.
Coventry was the original centre of the British car industry and is still the home of Jaguar cars. The city centre has numerous shops, cafes, pubs and museums and many historic buildings including the three cathedrals. The first one was demolished during the dissolution of the monasteries and only the foundations remain. The second one was bombed in the great raid of 1940 and the walls and tower remain. The third one is one of the most famous examples of 20th century architecture and a major tourist attraction.

Accommodation
In the centre of Coventry there is a wide range of hotels including a newly opened 4 star Ramada and a number of budget options. We shall negotiate special rates for delegates.

Social Programme
We plan the following:
Lunch
St Mary’s hall. This spectacular medieval hall is just 3 minutes walk from the conference venue.
Evening
Sunday: Coventry Transport Museum
Monday: Theatre at Stratford upon Avon
Tuesday: Warwick Castle
Accompanying Person’s Programme
We plan the following:
Day 1 at Oxford. This is about 1 hour away.
Day 2 at Warwick Castle. This is about 30 minutes away.
Day 3 at the Coventry Cathedrals and Stratford (about 40 minutes away).
